General Notes (Husband)			
Note: Known as Ole Peterson. According to Una's mother's research Olof Petter Quistrom changed his name to Ole Peterson when he became a U.S. Citizen. His temple work was done under his birth name of Olof Petter Quistrom. His wife & daughter under the name Peterson. Parish records of Stenkrykra on European film # 133730 revealed that his actual birth name was Olaf Petter Laurentitus Mathiasson. Some of Una's records also gave Ole's birth place of Wisby, Gotland Island, Sweden.However, a search of Wisby church records did not locate any record of his bith. Temple records of Bernice V.K. Boies gives his b. place as Lummelunda,Gotland, Sweden

General Notes (Wife)(cont.)

Una's mother's records stated that Elizabeth was the daughter of John Wright and Jane. I have not found anything to confirm this. My survey of records found several histories that gave her parents as William Wright and Elizabeth Huff. Based on this I have connected her to them. If someone finds something to dispute this please let me know.

Una's mother's records stated that Elizabeth was the daughter of John Wright and Jane. I have not found anything to confirm this. My survey of records found several histories that gave her parents as William Wright and Elizabeth Huff. Based on this I have connected her to them. If someone finds something to dispute this please let me know.
